

Small Vote Was Cast In Second Primary

Sanderson Leaves Canyon For Place at Spring Lake

W. G. Sanderson, who taught vocational agriculture in the Canyon High School last year, has resigned from the High School faculty to teach in the Spring Lake Consolidated High School near Earth, Texas.

Mr. and Mrs. Sanderson with their son and daughter will leave for their new home some time this week.

Mr. Sanderson stated that though his work here had been pleasant, an increase in salary, reasonable desirable living quarters with water furnished for irrigation of a garden, and unusually good varied agricultural surroundings made the change seem best.

Too he will have in his school a state officer of the F. F. A. from this area. This boy is the Lone Star State Farmer, or the boy in F. F. A. who holds the highest record in this area.

Spring Lake High School is one of the biggest consolidated high schools in the state. There is no town. The entire student body of approximately 600 students who are taught by 20 teachers come from a rural population.

New Windows Are Being Placed in College Chapel

The huge glass windows of the main auditorium at the college are being replaced during this vacation with smaller windows surrounded by glass bricks.

President Hill explained that the old windows which had not been replaced since the building was erected in 1916 had become dangerous in times of high wind, and upon recommendation of the architectural glass bricks were chosen to put in their places. The old windows were so heavy that it was never possible to raise them more than a foot or two, so the new windows will give an equal amount of ventilation. The glass brick will eliminate glare in the auditorium, will make it cooler in summer, and much easier to heat in the winter.

The bricks have been on hand for several months, but only recently could workmen be secured to put them in. A contract has been let to C. S. Lambie and Company.

Judge Kerr Honor Speaker at Hale Center Reunion

Judge C. F. Kerr, West Texas Pioneer and resident of this community for many years, was principal speaker at the twelfth annual reunion of Hale Center's old school mates August 15.

Judge Kerr, 85, was listed as a teacher in the first schools of Hale Center, Hale City and Center Plains. Among other things he recalled that he received a salary of \$15 per month for his services about 45 years ago.

The gathering was held in the city park at Hale Center and was attended by Judge and Mrs. Kerr and his two daughters, Mrs. Bob Birchfield and Mrs. Clay Ridgway from Hereford.

Cemetery Assn. Meeting Saturday

The Cemetery Association will hold the monthly meeting Saturday afternoon at 4 o'clock at the Thompson Club Room.

D. L. Watson, publisher of the Denver City Press, was a business caller at the News office Monday. He has owned 33 different newspapers during the past years in Montana, Wyoming, Colorado, New Mexico, Oklahoma and Texas.

Sellers and Simpson Are Elected; Small Vote Is Cast Throughout State

Only 203 Randall county citizens out of 2800 qualified voters went to the polls Saturday.

Two voting places were open in the county, the City Hall and Alice Landerlin School. 163 voted at the City Hall and 31 in South Amarillo.

For Attorney General, Martin received 156 votes; Sellers 46.

For Associate Justice of the Supreme Court, Simpson received 65 votes and Critz 138.

Less than a half million votes out of a possible million and a quarter in Texas were cast in the election. In counties where there were hot local races the vote was about fifty per cent of normal.

Sellers was elected Attorney General and Simpson was elected to the Supreme Court. Both were endorsed by the CIO, although friends of both candidates denied that this was the case.

Sgt. Alvah Doak Awarded Medal For Fine Service

Sgt. Alvah A. Doak is the wearer of an Army Air Medal won while participating in aerial flights. The citation reads:

"As radio operator of a C-47 aircraft, Sergeant Doak flew 2,000 miles into the Canadian northeast territory to aid in the salvage of a C-87 airplane stranded at Lake O'Conner. This constituted the initial flight of a heavy cargo ship equipped with skis instead of the conventional landing gear and followed days of hazardous experimentation. The primary mission was to expedite the delivery of a 4,300-pound tractor to Lake O'Conner so that a runway for the stranded airplane could be plowed through the deep snow. The flight was accomplished by expert navigation without radio aids and a perilous landing was effected despite narrow skis which cut too deeply into the snow for control to be maintained.

"Sergeant Doak's skillful airman-ship and spirit of self-sacrifice contributed materially to the ultimate success of the salvage operations and reflects credit on himself and the Army Air Forces."

Sgt. Doak is the grandson of Mrs. W. S. Myers and is a graduate of Canyon High School. He left Canyon with the National Guard Unit and is one of the group of men of that unit who are not with the 36th Division, having been transferred out for specialization.

"A" Books Being Mailed to Those On Application

"A" gasoline books are being mailed to car owners who have completed their applications for renewals.

Blanks for renewal applications are available at all service stations, or may be secured at the Ration Board. Applications are to be mailed to the Ration Board, and when the new coupon books are completed they will be mailed back to the owners.

All coupons expire in the old books next month, and car owners must have their applications filed with the Ration Board in order to secure the new coupons.

J. W. Horn Funeral Was Held Monday at Christian Church

The funeral of Joel Washington Horn, 74, was held Monday afternoon at 4 o'clock at the First Christian Church. Rev. C. C. Armstrong, pastor of the Methodist Church, officiated.

Mr. Horn died Sunday evening at 7:20 o'clock. He was a retired farmer, and had lived in Canyon for 13 years.

Interment was held at Dreamland Cemetery under the direction of the Griggs-Warren Funeral Home. Pall bearers were: B. F. Machen, Sam Hill, Newton Crain, Andy Walsh, O. I. Smith, Lee Foster.

Surviving are: the widow, Mrs. Mary Elizabeth Horn; five daughters, Mrs. T. H. Durham of San Angelo, Mrs. W. F. Walker of San Antonio, Mrs. Earl Prichard of Albany, Mrs. J. T. Ethridge of Nashville, Ark.; two sons, J. D. Horn of Orchard, Wash., and David Horn of San Diego, Calif.; 13 grand children and 9 great grand children.

Mr. and Mrs. Lloyd McAtee and children, Mr. and Mrs. W. H. McAtee and Sgt. and Mrs. C. N. Tipper spent the week end in Sayre, Okla., visiting Mrs. Lee Chandler and Earl McAtee.

County Council Talks Program

Early End of War Will Make Post-War Planning An Immediate Necessity

Postwar planning is something that must be accomplished right now, according to members of the Randall County Planning and Development Council. It is not something in the vague distant future. The county that fails to be ready for a sudden ending of the war in Europe will be left out of the procession was the general belief of the members who attended the meeting Monday night.

G. B. Heath resigned as member of the highway committee of the Council. His place was not filled at the meeting Monday night, but several citizens are being considered.

W. T. Oliver reported on the countywide plans for highway and lateral roads. Several Panhandle counties have presented plans for farm-to-market roads to the State Highway Commission and have received approval of these plans. Much data is needed in order to complete plans for such roads. Compilation of such information for the benefit of the State Highway Commission will be started in Randall county.

John Gillis, president of the Lions Club, presented plans for his club for a Community Center to house the County Library, Boy and Girl Scouts and other organizations. The Council approved the plan. The Lions Club will start work on this project.

A budget for the coming 12 months is being worked out for the operation of the Council.

A report on airport data was completed by the Council and sent to the men in Roswell who are attempting to secure permission to start such a feeder line from Roswell to Amarillo. This report entailed much work on the part of C. L. Thompson and J. W. Shook who gathered and compiled the information which was sought.

Air Medal Given Lt. Holston as Aerial Observer

Mrs. Jimmie Holston has received the Air Medal which was awarded to her husband, Lt. M. J. Holston, in France.

Lt. Holston has completed 35 combat missions as observer for the artillery, flying a cub plane.

He has been overseas for a year. He went to France on D Day with the 29th Division of the 1st Army.

The Air Medal, which may be worn by Lt. Holston, is accompanied by a civilian bar which may be worn by his wife.

Seek Navy Wave Recruits Here Friday

Representatives from U. S. Navy Recruiting Substation will be in Canyon next Friday, 1 September, to talk with anyone interested in the Navy.

John C. Oldham, Sp. (R) 1c, will be glad to talk with 17 year old boys who are interested in the Navy, and Rubye H. Weldon, Sp. (R) 3c would like to meet all young women who are interested in the Women's Reserve (WAVES) of the Navy.

They will be in Canyon from 10 a. m. to 4 p. m. and will headquarter at the Public Service office.

STORK SPECIAL

Lt. and Mrs. L. T. Barksdale are the proud parents of a son, Richard Michael, 8 lbs., 10 oz., born August 18 at Quanah. Lt. and Mrs. Barksdale make their home in Quanah and he commutes to the Army Air Field at Childress. They are both former Canyon teachers.

Ora Oleta Oxley, born to Mr. and Mrs. Ulu Dewey Oxley, August 10, Happy.

Mrs. Newton Crain and daughter, Charlotte, have just returned from a week's visit in Mineral Wells.

Bond Sales at Near the Quota

Sale of Few More Bonds Today Will Finish Up the Quota For August

The sale of War Savings Bonds for August lack just \$989.50 of meeting the quota, according to a report yesterday by County Chairman R. H. Wright.

The quota for August is \$24,100. The sales amounted to \$23,110.50 up to yesterday.

Local citizens who wish to help push the quota over the top for August are urged to buy bonds today.

J. J. Walker Has Been In Business Here 21 Years

Monday was the 21st anniversary of the coming of J. J. Walker to Canyon.

He came to take charge of the drug store, then owned by Mrs. J. W. McQueen. He was living in Amarillo at that time, having moved there from Memphis where he had sold his drug business.

Mr. Walker had tried to buy the McQueen Drug Store for several months before coming to Canyon as manager of the business. Mrs. McQueen finally sold him the business in November, 1923, and he changed the name of the business to the J. J. Walker Drug Store.

Pfc. H. B. Wesley Is Wounded Aug. 15th in France

According to a telegram received Tuesday from the Adjutant General, Pfc. Henry R. Wesley was slightly wounded in action in France August 15.

Pfc. Wesley is the son of Mr. and Mrs. E. P. Wesley and has been in service 27 months, the last twelve of that time in the European theater. He is in the field artillery of the 3rd army division, General Patton's division.

The following is a copy of the telegram received by Mrs. Wesley: "Mrs. Elizabeth Wesley, Deeply regret to inform you that your son, Private First Class Henry R. Wesley was slightly wounded in action in France fifteen August. Progress reports will be forwarded as received. The Adjutant General."

Pfc. Wesley is a volunteer, holds several pistol and rifle shooting medals. He was offered a discharge because of his age, but declined, saying that he could fight as well as a younger man and that if he took a discharge some younger man would have to take his place.

Mrs. Agnes Smith Moves to Amarillo

Mrs. Agnes Smith is leaving this week to make her home in Amarillo. She has been supervisor of Cousins Hall for several years and will be succeeded by Mrs. Ann Wofford.

HOMES CHANGE HANDS

Lem Fisher of Wayside has bought the Ed Weeks home in Canyon and will move here for the opening of school.

Mr. Weeks bought the W. D. Boland home, while Mr. Boland is buying a home in the east part of town.

IN AMARILLO HOSPITALS

Mrs. J. A. Meyer, medical. Mrs. L. C. Moreman, surgical. John Satterwhite, surgical. Lydia Berry, surgical. Rev C. C. Armstrong, surgical. Mrs. Hazel Kirbie, surgery. Mrs. Ted Reid, surgery. Mrs. C. C. Shelnett, medical.

Mrs. C. M. Robertson, the former Doris Marie Ball, has returned from Utah, where she has been with her husband who is with the signal corps of the Army Air Corps. She is now working with Western Union in Amarillo. For two days last week she helped Mr. McIntire with Western Union during the absence of Mrs. Foster.

Seaman Charles Hillier and his brother, Kenneth, of San Diego returned home Tuesday night. Charles, former handy man and job pressman at the News, is expecting to be assigned sea duty soon. He has had a five-day visit with friends and parents, Mr. and Mrs. R. C. Hillier.

Mr. and Mrs. Earl Oldham are leaving this week for Fort Worth where Mr. Oldham will attend college the coming year.

Changes Made in W. T. Faculty

Much Scrap Paper Is Gathered By Scouts; Others Asked Bring Paper

Scouts Are Now at Ceta Canyon For Week Of Annual Encampment

The scrap paper campaign in Canyon Friday was a great success according to Scoutmasters who directed the Boy Scouts in gathering the old paper and magazines.

The waste paper is being stored in the building west of Randall Hall until it can be sorted and tied in bundles ready for the market. The large room on the first floor of the building is stacked with old paper, and the boys feel highly repaid for their efforts in gathering the paper.

A number of citizens living outside of Canyon wish to dispose of old papers and magazines. Those who have such old papers are invited to bring them to either the West Texas Gas office or Michel Shoe Shop.

The Boy Scouts are spending this week at the Methodist Camp Grounds. The largest attendance of any camp by the Scouts of Canyon is reported.

Bettye Solomon Is Promoted

Sgt. Bettye R. Solomon, Wac, Edgewood Arsenal, Md., has just been promoted to that rank, according to word received by her parents, Mr. and Mrs. O. M. Solomon. Sgt. Solomon has been in the armed service 14 months. She is drum major of a drum and bugle corps at the Arsenal and recently participated in a Service Show in Washington, D. C.

Jim Thomas Gets Death Sentence in Hunt Murder Case

Jim Thomas was convicted yesterday at Plainview for the murder of Dr. Roy Hunt of Littlefield. He was not tried on the case of killing Mrs. Hunt at the same time.

Thomas featured in robbing the First National Bank in Canyon in 1929 and was held in jail here. The case was not tried because of the lack of evidence.

Sheriff M. E. Cantrell worked on the Hunt murder case for several weeks and was with the party of officers which made a futile effort to recover the revolver used in the killing from the Canadian River.

Dr. L. A. Woods Will Speak Today To School Men

Dr. L. A. Woods, State Superintendent of Public Instruction, will be in Canyon today to meet school executives of the Panhandle.

A luncheon will be held at 12 o'clock at Cousins Hall.

All interested in proposed school changes are invited to a meeting this afternoon at 2:30 o'clock when Dr. Woods will explain new features of the school law.

Summer Session Will Come to End Classes Today

The summer session of West Texas State will end today. Classes will end without any formality since the summer commencement was held at the end of the first period.

Students will leave for their homes this afternoon, and the faculty will have a short vacation until Sept. 19 when the fall session starts.

Mrs. K. M. Edwards and daughter, Linda, of Dallas visited over the week end through Tuesday in the home of the uncle and aunt, Mr. and Mrs. R. D. Lowry.

Mrs. A. D. Prater took Jean and Glen Prater, Louise Dickerson, Frances Gooch, Anita Jameson and Donald Dean Davis to Hereford on a skating party Sunday afternoon.

Mrs. T. C. Thomas and Virginia returned Monday from Chicago where they visited with Ensign and Mrs. Tom Thul, daughter and son-in-law of Mrs. Thomas.

Mrs. Harley L. Stone and son, Tabor, returned to the parental Guy B. Tabor home Sunday after having spent three weeks with friends and relatives in Amarillo.

Dr. John O. Baker of Dallas visited with his brother, J. C. Baker and friends in Canyon over the week end.

Four Men Leave Monday Induction In Armed Forces

Four men will leave Monday for Oklahoma City where they will report Tuesday morning for induction in the Army.

John Dewitt Hollabaugh, Walter J. Barnes and Travis C. Montgomery will go from the Randall County Selective Service Board.

Charles Edward Gerald was transferred here from Oregon for induction. He has been living on the farm with his parents, Mr. and Mrs. Tom Gerald for several months.

Two More Rains Boost Moisture For the Year

Two more rains fell this week. The first fell on Thursday night, amounting to .66 of an inch.

Another rain fell Tuesday night, which amounted to .50 of an inch. This rain was accompanied by a high wind.

Rainfall for August so far amounts to 4.06 inches. This brings the total for 1944 up to 22.24 inches.

Slaton Slatonite Praises Zinnias Lot in Canyon

Perhaps local people do not realize what a fine impression the zinnias grown along the highway on the West Texas State property is making on the travelling public. We take things too much for granted as we look at these beauty spots.

The following from the Slaton Slatonite, A. M. Jackson, publisher, tells the impression that these flowers are making:

Last week when we drove through Canyon, we saw a vacant lot on highway, in the suburbs that was planted in zinnias and it was one of the most attractive sights I have seen in many a day. The big mass of flowers in bloom made the entire town seem home like and inviting. To me it seems that a great many civic and social clubs could do a great deal more good by endeavoring to do simple things like this that can be accomplished without a great effort and where the actual results can be counted, than they can do by shooting at the moon and endeavoring to work on some national or international problems that will never be solved. Flowers and shrubs are most certainly not on the rationing list and with a little co-operation we could make Slaton one of the most attractive towns on the South Plains.

Buffaloes to Open Training Session Starting Monday

The Buffalo football squad will meet next Monday to start the fall training.

Coaches Gus Miller and Windy Nicklaus are expecting about 35 men to assemble here for the opening of the training period.

Buffalo Courts have been restored as living quarters for the Buffs, after having been used by the soldier detachment for more than a year.

CLEAVINGERS HAVE FAMILY REUNION HERE TUESDAY

Tuesday Mrs. Fern Cleavinger and son, Don, arrived in the M. E. Cleavinger home from Alhambra, Calif. They were met here by Mr. and Mrs. O. C. Saxton and daughter, Norma, and Mr. and Mrs. Norman Cleavinger and daughter, Lois, from Spring Lake, Mr. and Mrs. Elmer Cleavinger and family from Stinnett, Mr. and Mrs. M. E. Cleavinger, Jr., and daughter from Stratford, Mr. and Mrs. W. E. Miller and sons, Mr. and Mrs. Harry Axtell and family from Kress, and Mrs. Kunze.

Mrs. C. J. Minick and her daughter, Dorothy, from Seymour, visited her sister, Miss Nora McCarty last week end. Miss Dorothy is enrolling for the fall semester of college.

E. E. Underdown has returned from a two weeks visit with his parents in Santa Monica, Calif.

Mrs. R. McGee of Los Angeles is here visiting friends. The family formerly lived in Canyon.

Mrs. R. D. Lowry visited Thursday and Friday in Davidson, Okla., with relatives.

Hill Announces Faculty Changes

Fall Term Will Open on September 19, With Good Prospects of Year

President J. A. Hill of West Texas State has had some faculty problems, a number of changes and additions having been necessary this fall. Recently he made the following announcements about his faculty:

T. M. Moore, associate professor of agriculture, will return this fall after two years' graduate study at Iowa State College. Mr. and Mrs. Moore will live at Stafford Hall where Mrs. Moore will be hostess.

Mrs. Anne Wofford succeeds Mrs. Agnes Smith, retired, as hostess at Cousins Hall. Assisting her will be Mrs. Edwin Brown who comes to West Texas State College from Amarillo.

Herschel Coffee will return to the department of government and economics after a two years' absence for advanced study and teaching at the University of Texas.

Lewis Chamberlain of Clarendon will be band director, taking the place of M. J. Newman who is on leave of absence for service in the United States Navy.

In the Demonstration School, Miss Adelle Barnes will return with her Master's degree from North Texas State Teachers College. She is a teacher of science. Miss Jean Moore will return to her position as critic teacher after a year's absence during which she taught geography in the 350th Army Detachment. Cecil Briggs will return to the mathematics department after a similar absence. Mrs. Mary L. Sligar has been granted a leave of absence for war service in Washington, D. C. While she is gone, Mrs. J. B. Speer will be critic teacher in charge of the second grade. Succeeding Miss Ruth Lowes as critic teacher for the first grade will be Miss Josephine Stueber, whose advanced study has been done at the University of Texas.

Miss Ruth Lowes will succeed Miss Anna I. Hibbets in the college department of education. Miss Lowes is a graduate of West Texas State College and of Columbia University, and has done advanced study at the University of Iowa. Miss Hibbets resigned last May.

The fall session of the college opens September 19, but the faculty will begin its year's work with a breakfast and business session on September 17.

T. C. Thompson Commends News Community Effort

The Amarillo News published an article by Pat Flynn in its Friday edition regarding the publisher of the Canyon News, Clyde W. Warwick, who has been in charge of this newspaper for 34 years.

The following letter was received from T. C. Thompson, president of Thompson Hardware Co., who has been manager of this business since 1908:

Dear Clyde: I have just read with much interest the story in this morning's Amarillo Daily News on which I wish to congratulate you. I wish for you a long continuation of your success which you so much deserve for your continued efforts and the service which you have been to the citizenship of Canyon.

We are glad to be favored with the best weekly newspaper in Texas, and the wonderful service it has been to the community for so many years.

I wish for you a continuance of success and prosperity.

Christmas Package Window Shows a Group Suggestions

Several local business houses have contributed articles to a display window at Thompson's showing suggestions for Christmas gifts for men in service.

The window was planned and decorated by the Home Economics Department of the College in order to show people some of the suggested articles that may be secured locally for Christmas packages.

Packages to men overseas must be mailed between Sept. 15 and Oct. 15.

Gus Miller made a business trip to Fort Worth last week.

Roll of Honor

Pfc. Henry R. Wesley, France, August 15.

Member of National Editorial Association and Texas Press Association.

Judged as the Outstanding Weekly Newspaper in Texas in 1942.
Placed as an Outstanding Weekly Newspaper in "Editing The Day's News" in 1943.

When Victory Comes

Military men have set October 1st as the probable date for the war with Germany to end. They cannot see how Hitler can hold out much longer than a month.

The heavy blows from all sides are telling on the Hitler machine. When the Germans are forced back on their own soil they may be able to put up a hard fight for a short time, but blows from the air must eventually cause the most ardent Nazi to realize that Hitler is whipped, and that Germany must get out of the war.

That will be a day of great rejoicing throughout the nation.

But it is no day to get drunk.

Fathers, mothers, wives and sweethearts who have been fearful for the safety of their boys will be greatly relieved.

But they must not expect these boys home in a few days.

The terrible destruction that has been going on in Europe for four long years will come to a close.

But that damage must be repaired.

A hideous war machine has been spreading ruin and distress; want, hunger and poverty; it has been robbing the unfortunate peoples of a war-weary continent. This war machine will be put out of action for the time being, but will start at once to plan for another war as soon as Germany may be able to recover.

Therefore, the United Nations must forestall this war machine by capturing and holding for trial the criminals who brought about all of this misery and destruction.

It will take millions of men many months to do all that America will be called upon to do after this war.

Some of our veterans will come home soon, but on the whole, the withdrawal of our forces from Europe will be a slow process.

In addition to this, we will still have Japan to whip, and many of the men who are now in Europe will likely see service against the Japs before they can return home.

Don't expect too much haste from our armed forces this time. They want to finish up the job right this time. Hitler hopes that the 10 million youth fanatics which he has been training will carry out his ideals for a super race in Europe.

It shall be the job of the United Nations to see that this group shall not be able to start another war in 25 years.

We read an interesting article the other day on the future of the country newspaper. If the article had been written by a country publisher, we might have discounted the optimism. But since it was written by a big city publisher, who had taken considerable time to investigate the subject, we feel considerably puffed up and more optimistic about the country newspaper. Having worked in the weekly field for nearly 40 years—34 years in Canyon—we are not upset when someone predicts a dire future for the country newspaper. Neither are we over optimistic as we read glowing reports as to the future of this class of publication. There have been many handicaps to the country press during the past years, and there will be more as the years roll by. But the country weekly was never stronger than it is today. There are more intelligent, honest-to-God newspaper men in the country field today than ever before. Our opinion is that the country press will continue improving and growing in usefulness so long as it adequately serves the community in which it is published. Failing to fulfill its mission, it can and should pass from the picture.

Politics are funny critters. A few months ago some Congressmen were in a lather about the soldier vote. It was pointed out by many then that the soldiers as a whole were not interested in politics. This prediction has proved to be correct. The GI bill was passed, giving certain payments to returning veterans. But the politically minded Congressmen now turn to war workers, and are attempting to provide greater payments to war workers than has been set up for men who are fighting for the freedom of their country. You see the point: Not many soldiers are going to vote, but all war workers are going to vote in the November election. Ain't we crazy?

Various reports are being received as to the maltreatment of our war prisoners. It makes our people want to retaliate by mistreating the Germans, Nazi Italians and Japs who are held prisoners in this country. It is the natural thing to do. However, it would be the most dangerous thing to do. Humane treatment on the part of our people is one of the strongest arguments for our Democracy. After the war when these prisoners are returned to their home lands, they will certainly tell the truth about their treatment here. They will realize that America has a heart rather than being a hard boiled tough nation to which they are accustomed under the dictators.

Washington commentators predict that Henry Wallace will be Secretary of State when Roosevelt is re-elected. We doubt this. Roosevelt cut Wallace's political throat at the National Convention. He is too shrewd a politician to pick up a dead duck for such an important post at so critical a time.

After all these years they now tell us that spinach is not the hot stuff as portrayed by Popeye and other mythical giants. We've said all the time that Popeye was cockeyed on spinach.

You read a lot in the daily press of the mess that confronts Texas as to the vote of the electors chosen by the Democratic State Convention in May. This convention was anti-Roosevelt and instructed the electors that they should not vote for the fourth term unless certain things were done by the National Convention. The chief demand was the rejection of Wallace. This was accomplished, but about half of the electors claim that they were specifically instructed not to vote for Roosevelt unless all of the demands were carried out. Therefore, even though the President carries Texas in November, this group states that they will support another Democrat, expressing a choice of Senator Byrd of Virginia. The National Convention stole half of the Texas vote when it seated delegates from the rump convention. The National Committee justified itself by the fact that no other candidate for President had the slightest chance for nomination. As we see it, the electors are chosen to do the bidding of a majority of the voters of Texas. There is no chance for Dewey or any Democrat, other than Roosevelt, to carry Texas in November. Therefore, the electors should be bound by the will of the majority, regardless of their personal feelings in the matter. While we are personally much opposed to a 4th term for any President, yet we are willing for a majority of the people to have their way at the polls.

Some sort of youth training will likely be developed after the war, with the government offering youth either military training or government jobs. The lessons of Selective Service are now fresh in the minds of the people. They were shocked at the large number of defective young men who could not pass physical examinations. If the government does no more than give these boys a careful physical examination, then see to it that defects are corrected, the program will be worthwhile. A good physical education program in all grades of the schools is in the making. Teachers of physical education are insisting that the federal government must take steps to carry out a carefully planned program. This leads up to one of the most controversial subjects of the day—socialized medicine. Unless some provision is made to correct the defects which are found in the youth of the land in these examinations, what is the benefit of such a program of check ups? The bureaucrats say the answer is socialized medicine. The doctors and most prominent citizens say that this would retard the medical profession, and would not benefit the people to the extent as claimed by its advocates. We shall see what we shall see.

According to army officers who appeared before a Senate investigating committee, no one knows what we have in the way of war supplies, or where it is located. No check has been kept as officers ordered materials and shipped them to our multitude of fronts over the earth. While war is waste, this lack of planning or accounting seems to be almost criminal waste. No one wants to see our fighting forces deprived of a single thing which might save the life of a single American boy; and certainly all citizens want to see the war won as quickly as possible. But even this global war should have had an accounting system which would tell Congress what we had manufactured; where it was; and how much more we will need of these various munitions. When the lid blows off after this war, there will be plenty of scandal, according to information which is beginning to leak out of Washington.

Old Tack of the Amarillo Globe-News wrote some pretty startling articles on politics when he attended the national convention and visited for several days in the East. He was not talking to the men of the street who cast the votes in political elections. While we believe all that he wrote, and wonder what is going to happen to the nation after four more years of Roosevelt, the fact remains that Roosevelt is the idol of the men on the streets, and he will be re-elected in spite of our desires. The only hope for curbing the wasteful spending of Roosevelt is the fact that Congress will probably be in the hands of the Republicans, who should be able to check this government by administration decrees, and the arbitrary rule of the bureaucrats. There promises to be a mighty battle under the big dome in Washington.

We are very glib about our national debt, and the older ones smile as you tell them they have a mortgage of \$2,000 against everything they own. They think: "Maybe I won't live long enough to have to pay the debt." But look at a little baby and consider that it is faced with the necessity of paying \$2,000 on the government debt before it can start having any reward for its own pleasure! The big national debt then becomes real. It should make all of us realize how foolish we have been in our national economy to permit such a thing as a depression—and still more foolish, to shut our eyes and allow a world war to slip up on us.

Senator O'Daniel offers the information that the big pipe line built from the Texas oil field to the Atlantic seacoast will be sold to the big oil companies after the war. He charges that the government has spent \$140 million on this line, which will be sold for not more than 10c on the dollar. That is probably true. No group of citizens, other than oil men, would have much use for the pipe line. In addition to this, the pipe line probably cost double what it is really worth.

Donald Nelson's trip to China is causing a lot of political fireworks in Washington. Charles Wilson, assistant to Nelson, resigned in a huff, charging that Nelson was actually holding up the program for conversion of many war plants to the manufacture of civilian goods. The President has appointed a navy officer to take over while Nelson is in China. Thus the armed forces are in charge of WPB, and conversion of small factories will be slow.

Do not be surprised to hear that Hitler and his gang of henchmen have suddenly taken a plane to Argentina. All European countries would bar him as undesirable. Argentina has thumbed its nose at the United Nations throughout the war. It would relish having Hitler and his gang with their millions to spend come over and save them from the other American countries.

Exiled King Carol wants to go back to Romania. He fled to Mexico when his country fell before Hitler and left his son to worry about the country. Now that peace is in prospect, Carol wants to take his red-headed Lupescu back to Romania. While the United Nations are cleaning up the European mess, getting rid of a bunch of useless and extravagant kings would be a good idea.

Right now is a good time for all of us to stop and consider fundamentals. We have heard that certain groups of radicals claim that labor is the only section of our nation which is winning the war. Such statements are pure bunk. Let's listen to the words of wisdom that came from Abraham Lincoln: "Labor was prior to capital, but property is the fruit of labor. Property is desirable, and is a positive good to the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example insuring that his own shall be safe from violence when built."

Congress has passed the so-called GI bill for the benefit of discharged veterans. Don't think for a minute that this will be the end of demands made by the pressure groups which will be formed among returning vets. They remember the pressure used 25 years ago, and you may expect to see a repetition of the same thing. This is not a criticism or what may take place—just a mere recital of coming events.

We see where a legislator is making a study of the election laws of Texas and will try to do some remodeling of the Terrell Election law. Any one who has had to fool with the law for long knows of many changes which should be made. We hope that the next session of the legislature takes this problem up seriously.

People of Paris seemed to be well-fed when our troops moved in. Maybe the army has been over pessimistic in their job for rehabilitation and have over bought on food productions, just as they seem to have on munitions.

Americans are pretty stubborn, but this is particularly true of persons who simply refuse to move back in a bus or street car unless they are shoved back.

Hitler will probably resort to poison gas as a last resort. He has broken every other rule of humane warfare, so why not try this?

One of nature's strangest freaks is the Ice Cave, a rock cavern near Decora, Iowa, which reverses the laws of nature by being warm in winter and below freezing in spring and summer.

Delaware takes its name from Lord De La Warr, who was Captain General over the Atlantic Seaboard possessions in the early days. But he never set foot on Delaware soil.

Just received by the Burrow Lumber Co. a car of oak flooring, the sale and use of which is in no way restricted.

Two astronomers were discussing the limitations of space. One said, "There is no limit to space." "No limit to space!" exclaimed the other.

"Well, practically none." "Oh," said the second quietly, "that's how I like you to talk—conservatively."

When the lowly Peccary is hunted, a number of them may band together to turn the tables, making man their quarry.

Toads eat an average of 10,000 garden pests a year.

The eyes of commercial Texas are focused on the Panhandle. Business men are asking if the wonderful crops of 1944 are really true; and if true what are the people going to do with their money. Panhandle folks are answering by paying off old debts, and investing a sufficient amount in War Bonds for the purpose of buying needed machinery and materials after the war. It will take millions of dollars of consumer goods to meet the demands of the people when the war is over.

The treatment of the French in Paris by the Germans is typical Nazi. The French were told by the Germans that they would surrender. When the French started to celebrate, Nazi guns were turned on the crowds and hundreds of innocent people were slaughtered. It is foolish to think that the world can get along with Hitler and his gang of murderers.

The election Saturday in Texas was a dismal failure. It attracted very little attention, and failed to secure an expression from a majority of the voters. When only a third of the voters go to the polls, almost anything may happen, as the defeated candidates of Saturday will tell you.

A few war plants have been closed, and it is reported that thousands of laborers are rushing back to civilian jobs for fear the war will suddenly end in Europe. Some war plants are likely to be caught short-handed because of this change among employees.

With the fall of Paris and revolt against Hitler in Romania, the best war news in recent weeks came from war-torn Europe. Hitler's generals know that the Germans are whipped, but Hitler wills to fight on as long as he can hold his forces together.

The national debt of the United States is now \$1,962 per capita. Every American wants to win the war regardless of cost, but wasting money during the war is in no sense necessary or making a contribution to the war.

Envy, like the worm, never runs but to the fairest fruit.

The butterfly fish frequently swims backward, so that its tail appears to be its head. If trouble looms, it reverses and swims normally, full speed ahead, bewildering pursuers.

A man on the water wagon really feels better off.

Do "Plate-Sores" Bother You?

If your "GUMS" itch, burn, or cause you discomfort, druggists will return money if the first bottle of "LETO'S" fails to satisfy. City Pharmacy.

Sally (eloping): Daddy is going to be completely unstrung.

JOIN GULF'S "Anti-Breakdown" Club TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America...

1. those who can still get to work in automobiles,
2. those who are forced to walk.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job.

Here's Gulf's Protective Maintenance Plan

1 Protects your car at 39 danger points...

GULF'S Protective Maintenance Plan includes Gulf Registered Lubrication which reaches up to 39 vital points with six different Gulf Lubricants that reduce wear, and lengthen your car's life.

2 Guards your bearings and piston rings...

IT'S IMPORTANT to give your car a good motor oil and change regularly. Gulf offers two outstanding oils... Gulfpride, "The World's Finest Motor Oil," and Gulfube, an extra-quality oil costing a few cents less.

3 Helps gas coupons go a little further...

AIR-FILTER and spark-plug cleaning, and radiator flushing help give better gas mileage. A clean air filter makes gas burn more economically; clean plugs increase heating.

4 Get an appointment at your Gulf station

HELP YOUR Gulf Dealer do a thorough job—and save your time—make an appointment in advance. Phone or speak to him at the station. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan... 15 services in all!

For better car care today... to avoid breakdowns tomorrow!

Gasoline powers the attack... Don't waste a drop!

For Complete Details on the "Anti-Breakdown" Plan... Call 35... or SEE US!

Just about the biggest bargain a man can buy when you consider the trivial sum involved, is a dime package of smoking tobacco. You cram a little into your pipe and your thoughts are wafted away on the puffs of fragrant smoke. At least the smoke is fragrant to you, because you're doing the puffing.

If you're smoking in a group of friends, the deliberate draws cause you to mature your thoughts before uttering them and maybe the result will be something ripe in wisdom and rich in homey philosophy. At any rate, a pipe requires enough effort to use and it occupies a man's mouth to an extent that it keeps a fellow from saying so many foolish things.

All of us can utter philosophic wisdom as long as the trouble is not our own. Kipling coined a great simile when he wrote, "As cheerful as a man watching another's horse burn down."

Which reminds me of the story of the individual who called on a friend in jail and, trying to cheer him up, said: "Remember what the poet declared, 'Stone walls do not a prison make nor iron bars a cage.' The man behind the bars said, 'Well, they make a pretty good substitute.'"

It's Major Tom King now. The former State Auditor recently was advanced from the rank of captain. He is in the Air Corps.

Major King is a Texan who came from Tennessee. Some of the finest Texans came from the old Volunteer State—Sam Houston and David Crockett, for example.

There comes to mind an experience that King had a good many years ago when he was auditing the financial affairs of a town in West Texas that was in pretty bad shape. The auditor questioned the man who had handled the sale of the municipality's bond issues. It seems that when the town couldn't pay the interest on the outstanding bonds, it issued another set of bonds to pay the interest on the first—and, when it couldn't meet the interest payment on the second set, another set of bonds was issued. The man evaded the questions as

MOURNING DOVE and WHITE-WINGED DOVE OPEN SEASONS for 1944

MOURNING DOVES

OPEN SEASON -- NORTH ZONE: Sept. 1 to Oct. 25, both days inclusive. Shooting hours, one-half hour before sunrise to sunset.

SOUTH ZONE -- Oct. 20 to Dec. 14, both days inclusive, except in Cameron, Hidalgo, Starr, Zapata, Webb, Jim Hogg, Maverick, Brooks, Dimmit, LaSalle, Kennedy and Willacy counties where mourning doves may be hunted only on Sept. 15, 17, 19, 21 and 24, from 12 o'clock noon to sunset and from Oct. 20 to Dec. 9, from one-half hour before sunrise to sunset.

BAG LIMIT -- Not more than 10 per day and not more than 40 in possession.

Hunter may not have more than 10 a day of either or both species (white-wings or mourning doves) in the aggregate.

WHITE-WINGED DOVES

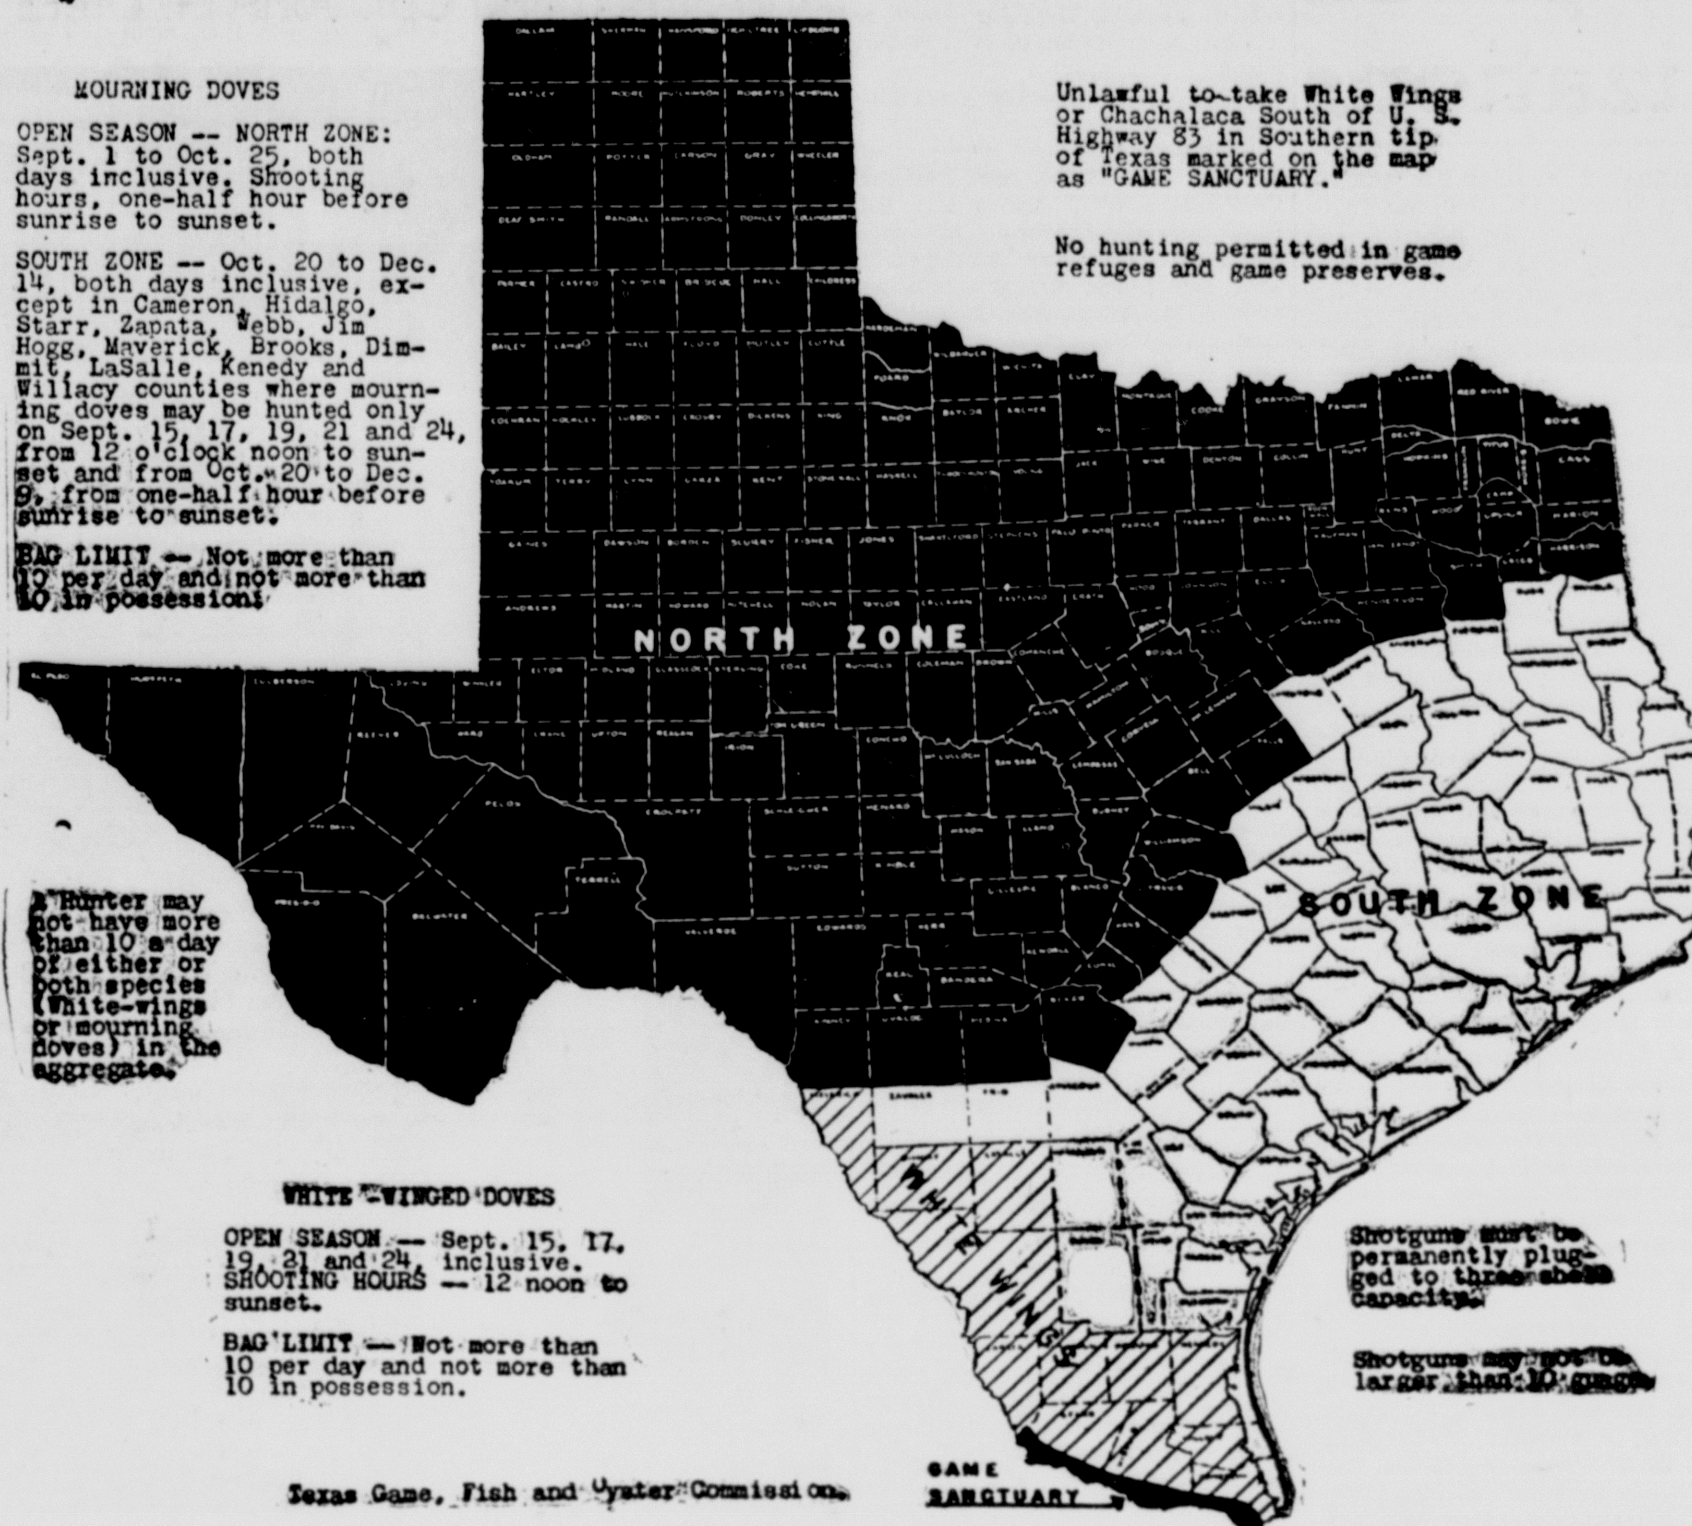

OPEN SEASON -- Sept. 15, 17, 19, 21 and 24 inclusive. SHOOTING HOURS -- 12 noon to sunset.

BAG LIMIT -- Not more than 10 per day and not more than 40 in possession.

Texas Game, Fish and Water Commission

Unlawful to take White Wings or Chachalaca South of U. S. Highway 83 in Southern tip of Texas marked on the map as "GAME SANCTUARY."

No hunting permitted in game refuges and game preserves.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of August 28, 1919)

The Board of Regents have employed Architect Enders to draw the plans for the new dormitory for girls and heating plant. He was architect in drawing plans for the main building of the normal.

S. B. Lofton has sold his home to J. M. Vetesk and will leave soon for California.

Miss Ruth Stafford and Charlie

Coleman of Mineola were married at the home of her parents, Prof. and Mrs. B. A. Stafford.

Mayor J. D. Gamble has employed engineers to make surveys for paving around the public square.

Rev. Wm. Garner of the Episcopal Church states that money has been appropriated to build a dormitory for Episcopal girls near the normal campus.

The federal government has appropriated 60 million dollars for highway construction in Texas.

Daylight saving was repealed by Congress.

Local citizens protest that vacant lots in Canyon have risen in price from 200% to 500% since a number of families plan to build homes. Various taxing bodies are looking into the situation.

The building at the southeast corner of the square is being remodeled for the Palace Cafe.

Miss Ada Terrill has been granted a fellowship in Carnegie Institute, Pittsburgh. She made an exceptional record in the University of Texas last year.

Zane Thomas has returned from France and received his discharge.

Wayside Items

Rev. Jack Reeves filled his regular appointment Sunday.

Mrs. George Hancock and girls of Waco have been visiting in the parental W. I. Lane home and now are spending a few days with friends in Pampa.

Mr. and Mrs. W. R. Franklin, accompanied by Mrs. E. A. Franklin of Happy with Evelyn and Wilber Ray Sluder were guests in the Ralph Childress home in South Plains Sunday. Wayne Childress who is stationed in San Marcus and connected with the Air Corps, was home on furlough.

Guy Watson has purchased the Jack Foster oil business at Wayside.

Betty McGehee was operated on for appendicitis early part of last week.

W. R. Franklin did some carpenter work for Ewing McGehee on his house in Canyon last week.

John McGehee is having his house reeroofed.

Mr. and Mrs. John Stockett, Peggy and Billy, accompanied by Mrs.

Stockett's aunt from Fort Worth returned home Friday night.

Glen Franklin of Canyon spent Saturday and Sunday nights in the parental W. R. Franklin home, returning to work Monday morning.

Boone McClure In Humorous Talk of Political Scramble

Boone McClure talked Tuesday at the Rotary Club luncheon on the political scramble which confronted the voters as they will go to the polls in November. He proceeded to take to pieces and examine the various inconsistencies of the various political parties. He started with Precinct No. 1 in Randall county, which passed resolutions which have caused so much comment over the state.

After taking various jabs at the New Deal and President Roosevelt, the speaker started in on Dewey and the Republicans.

He ended with the confusion which will confront the voters as they go to the polls in November.

Visitors were: Miss Eleanor Pierle of Phillips; Judge Clayton Heare, Chas. S. Lambie, Emil F. Myers, all of Amarillo; Tom Slack of Perryton. Doug Shirley told of the Rotary meeting which he attended in West Virginia when the Weston Rotary Club of 41 members joined the 62 Rotarian college executives who were in conference.

Dr. J. A. Hill at Methodist Church

President J. A. Hill will speak Sunday morning at the Methodist church at 10:50 o'clock.

Rev. C. C. Armstrong, the pastor, underwent an operation for hernia at an Amarillo hospital Tuesday morning.

NON SEQUITUR

Things don't work out the way they should.

Life plays a flippant joke. Somehow I never get "the breaks" And yet I'm always "broke."

—Florence Jansson.

Buy Another Bond Today!

NOTICE

Members of the Randall County Farm Bureau Association are reminded that the Blue Cross Plan of Group Hospital Service is available to all the members and their families without examination on payment of a fee of \$1.00, plus the quarterly premium payments. Enrollment must be made at least 15 days before the beginning of the calendar quarter.

Remittance should be made to Mrs. E. A. Michael, Secretary, Rt. 2, Canyon. Payments must be in before September 15 to be effective for the last quarter.

Quarterly charges are: one person \$2.25; man and wife \$4.50; man, wife and all children under 18, \$5.25.

The original one dollar enrollment fee is paid only once and is not included in quarterly charges.

V-NEWS

Now that school days are almost here again, the problem of school clothes for the children face many. With a more limited selection of piece goods as well as ready made garments from which to choose, it is even more important that one examine carefully those available in order to make a satisfactory purchase. Study the labels; some of the following may be found which may be a little confusing:

Sanforized—will not shrink more than 1%.

Piece dyed—dyed after cloth is woven; may or may not be fast color.

Vat dyed—dyed after cloth is woven; generally of superior dyes.

Yarn dyed—dyed before cloth is woven.

Mercerized—strong, lustrous finish.

Screen print—used extensively with jerseys; printed by use of silk screen coated with varnish except where design is sketched; different screen used for each color.

In addition to the new terms, it is wise to watch—even with cottons—to determine whether they are washable or not. Too, try the old-time tests on cotton: rub the fingers over a small corner of cloth to

see if it becomes limp or if starch flies which indicates poor cloth. Hold the cloth up to the light to see if it is uniformly woven.

Just received by the Burrow Lumber Co. a car of oak flooring, the sale and use of which is in no way restricted.

More than 150 miles of the subterranean passages and cathedral chambers of Kentucky's Mammoth Cave have been explored and mapped.

The biggest handicap to marriage nowadays is the fact that a man can't support the government and a wife on one income.

The name Indiana originated from the fact that a company of traders purchased it from the Indians.

OFFICIAL RETURNS OF AUGUST PRIMARY

For Attorney General: Martin, 156; Sellers, 64.

For Associate Justice of Supreme Court: Critz, 138; Simpson, 65.

I hereby certify that the above is a true and correct tabulation of the vote cast in Randall County on August 26, 1944, in the 2nd Democratic Primary.

CLYDE W. WARWICK, County Chairman, Democratic Executive Committee.

AAA ORDERS	DIRECTIVES
AA-1 RATINGS	MILITARY ORDERS, BOX MANUFACTURERS, DEFENSE PLANTS OIL PRODUCTION, MINING, HOSPITALS, POLICE, ETC
AA-2 RATINGS	FARMERS, MANUFACTURERS, STREETS AND ROADS, UTILITIES
AA-3 RATINGS	FARMERS, DEFENSE HOUSING, W.P.B. JOBS, ETC.
ALL OTHER CONSUMERS: "FREE LUMBER"	
RISEING WATER LEVEL	REPAIRS AND MAINTENANCE.... HOMES, CHURCHES, STORES, HOTELS, ETC.
OFF-FARM GRAIN STORAGE	
REMODELING.... HOMES, BUILDINGS, CHURCHES, AND SIMILAR JOBS	
CHICKEN HOUSES.... THIS MEANS CHICKEN HOUSES INSIDE CITY LIMITS	
\$200. LIMIT ON NEW CONSTRUCTION.... AS OF PREVIOUS ORDERS	
\$500. LIMIT ON NEW CONSTRUCTION.... AS OF PREVIOUS ORDERS	

The War Production Board has just issued a new order, L-335 which became effective August 1st to direct the sales of all lumber from the mill through the retail yards to the consumer and this new order will control the flow of lumber more rigidly than it has ever been controlled in the past. This was necessitated by the fact that lumber mills, month by month, have been getting further behind in the amount they have been producing as compared to the amount of lumber consumed. To satisfy war needs it has been necessary to institute this control. Every bit of lumber now is under War Production Board ratings and through the above chart, we have attempted to give you a few of the types of businesses that have and enjoy these ratings. You will note that the military leads the list, then as you go down through the ratings, the less essential industries as regards war follows. Starting in August each retail lumber dealer will have a small amount of lumber known as "FREE LUMBER." This he can sell to his customers to take care of the necessary and essential repair and maintenance on homes, churches, stores, office buildings, hotels and etc., but in a very strict sense, he is rationed because he will feel compelled to ration it out so that each customer will get a little to tide them over until Ger-

many is knocked out of the war. This does not mean that essential repairs on homes and business buildings cannot be taken care of. The retail lumber dealers are finding out there are a great many substitutes in building materials that are not critical and that can be used along with a very small amount of lumber for doing most repair jobs and it is the old case of American ingenuity operating under difficulties but getting the job done. It has been definitely necessary that the War Production Board curb the unnecessary uses that lumber has been going for in order to get through these last months of the war and as the public learns the truth, we find them just as willing and anxious to go along and abide by these rules and orders as they ever have in the other rationing that was necessary. You found that your butcher was not to be blamed when he could not give you the choice cuts and the quantities of meat that you were in the habit of buying. You will find that your retail lumber dealer is now in the same position and with a better understanding of this problem, you will be equally willing to get it solved by playing the game as it has been set out. Look over this picture that we have produced to show the problem and find out where your particular

lumber requirements fit in. If you find that it is at or below the water level, go to your nearest lumber dealer and ask him to solve your problem. He is ready and willing and you will find in most cases through substitutes he will take care of you satisfactorily and still abide by these rules and orders. Do not become alarmed that the nation is about to run out of lumber. We have as fine lumber resources in this country as we have ever had. They are being taken care of intelligently under the crop plan of reforestation and this country will never run out of lumber. Not only that, but the lumber grown today and processed is modern, dry kilns in all of the larger sawmills, is as good or better lumber than was ever produced in the past. The only reason that this shortage in lumber has developed is on account of manpower and shortage of trucks, tractors and equipment to produce it and just as soon as Germany is out, we can take care of these two deficiencies and lumber will again be as plentiful and in as good quality as before the war started. The recent story in the newspapers stating that all lumber was frozen and that no one could buy a board for a new shelf, was largely unfounded and we hope there will be no necessity again to stir up the public as was done in this instance.

BURROW LUMBER COMPANY

Social Events of the Week Clubs and Organizations

EDGETOWN H. D. CLUB HAS ANNUAL AUGUST PICNIC

Edgetown Home Demonstration Club had its annual picnic for the members and their families in the backyard of the Frank R. Phillips' home. Ample quantities of fried chicken, vegetables, salads, icecream and cookies were served from a buffet table.

Following the supper the group played "42."

Those present were: Mrs. W. I. Wester, Mrs. Mary Burtz, Mr. and Mrs. E. C. Penick, Mrs. T. T. Fain, Mrs. W. L. Rice and Mary Sue, Mr. and Mrs. W. T. Davis, Mr. and Mrs. J. R. Sharp, Mrs. O. M. Solomon, Misses Mildred and Mabel Solomon, Mr. and Mrs. J. H. Wright, Mr. and Mrs. George Taylor and Prof. and Mrs. Frank R. Phillips and Miss Frankie Phillips.

The next meeting will be the poultry achievement program at the home of Mrs. J. H. Wright at 3 p. m. September 8. Visitors are urged to attend.

Miss Margaret Nicholas has gone to Phillips to work.

BUFFET SUPPER CLUB HONORS GORDON LYONS

The Third Wednesday Buffet Supper Club had a steak fry at Buffalo Lake on Wednesday 16 as a farewell party to Gordon Lyons who was leaving for the Navy.

Those attending were: Mr. and Mrs. J. O. Parker, Dr. and Mrs. Robert P. Jarrett, Mr. and Mrs. Gordon Lyons, Mr. and Mrs. Hosea Foster, Mr. and Mrs. M. E. Cantrell and Mr. and Mrs. W. W. Nicklaus.

LOUDDER FAMILY MEET FIRST TIME IN 22 YEARS

Mrs. Minnie Louder had all her children with her Sunday for the first time in 22 years.

Seven boys, two daughters, and four grandchildren met with Mrs. Louder for a picnic in Palo Duro Park.

S-Sgt. Douglas Louder is home from overseas on furlough and will report for further duty to Great Bend, Kansas.

Mr. and Mrs. Chas. Franz of Turkey were here Tuesday on business.

UMBARGER H. D. CLUB MEETS WITH MRS. MAX HOFFMAN

The Umbarger H. D. Club met in the home of Mrs. Max Hoffman, Thursday, August 24.

Miss Patterson, county agent, gave an interesting talk on furniture arrangement. She stated that it is best not to over do. When one buys, he should be sure to ask questions about what material the furniture is made of and how it is put together. If furniture is glued and pegged, it is more substantial than if it is nailed or just screwed. One should be certain that he is inquiring of a reliable person.

In spite of the threatening weather there was an encouraging attendance. Those present were: Mrs. George Vorwald, Mrs. Henry Bracht, Mrs. Frank Begert, Mrs. Clarence Beckman, Miss Lula Patterson, Miss Elizabeth Beckman and the hostess. Lunch was served the guests by Misses Helen and Martha Hoffman.

The next meeting will be Achievement Day, Sept. 14, at the home of Mrs. George Vorwald.

METHODIST CHURCH CHOIR HAS PICNIC

Friday evening members of the Methodist Church choir and a few guests enjoyed a picnic at the barbecue pit on the church lawn. Members met early for a brief rehearsal, and joined the guests at the pit where everyone was put to work frying hamburgers and preparing the accompanying edibles.

J. W. Shook and Clyde Warwick served as chief cooks.

Present were: Rev. and Mrs. C. C. Armstrong, Mr. and Mrs. K. E. Frieze, Mr. and Mrs. L. F. Sheffy, Mrs. Dan P. Sanders, Misses Ruth Ford, Olive Schramm, Marion Miller, Ava Jo Moreman, Waldean Dorris, Ellen Sanders, Mary Ann Bellah, Frankie Phillips and Virginia Vaughan; C. W. Warwick, J. W. Shook, E. C. Hawkins and Max Bellah.

THOMPSON EMPLOYEES ENJOY PICNIC SUPPER

Twenty three of the employees with their families of the Thompson Hardware Company enjoyed hamburgers, pop and watermelon in the back yard of the T. S. Maxwell home Saturday night.

1925 CLUB MEETS WITH MRS. JOE BLACK THURSDAY

The 1925 Club met Thursday, August 24 with Mrs. Joe Black as hostess in the home of Mrs. Robert Black.

Dahlias decorated the entertainment rooms.

Ice-cream and cake were served to Mrs. J. L. Duflot, Mrs. Herschel Coffee, Mrs. W. C. Kunze, Mrs. Bill Black, Mrs. Gordon Lyons, Mrs. Hud Prichard, Mrs. Ray McReynolds, Mrs. Tom Black, Mrs. J. J. Walker, Mrs. J. M. White, Mrs. J. Madison Daugherty, Mrs. Cecil Briggs and Mrs. W. E. Miller.

MRS. PRICHARD HOSTESS TO LAS SENORAS NEUVAS CLUB

Mrs. Hud Prichard was hostess to Las Senoras Nevas Club, Wednesday, August 23. Lovely dahlias were used for the decorations.

Mrs. Robert P. Jarrett won high score and Mrs. W. S. Miller low.

A dessert course was served to Mrs. W. W. Nicklaus, Mrs. Joe Black, Mrs. M. E. Cantrell, Mrs. W. E. Miller, Mrs. Robert P. Jarrett, Mrs. Dewey Foster, Mrs. J. Madison Daugherty.

During the business meeting, Mrs. Nicklaus was re-elected president and Mrs. Daugherty reporter.

SCOUTS GUESTS OF W. J. WOOTEN WEDNESDAY

On Wednesday night of last week W. J. Wooten was host to the 60 Boy Scouts of America in Canyon and their leaders to the picture show, "Fallen Sparrow."

Mr. Wooten has the thanks of the entire group for this exceedingly pleasant evening.

NOTICE MOTHER-IN-LAW CLUB

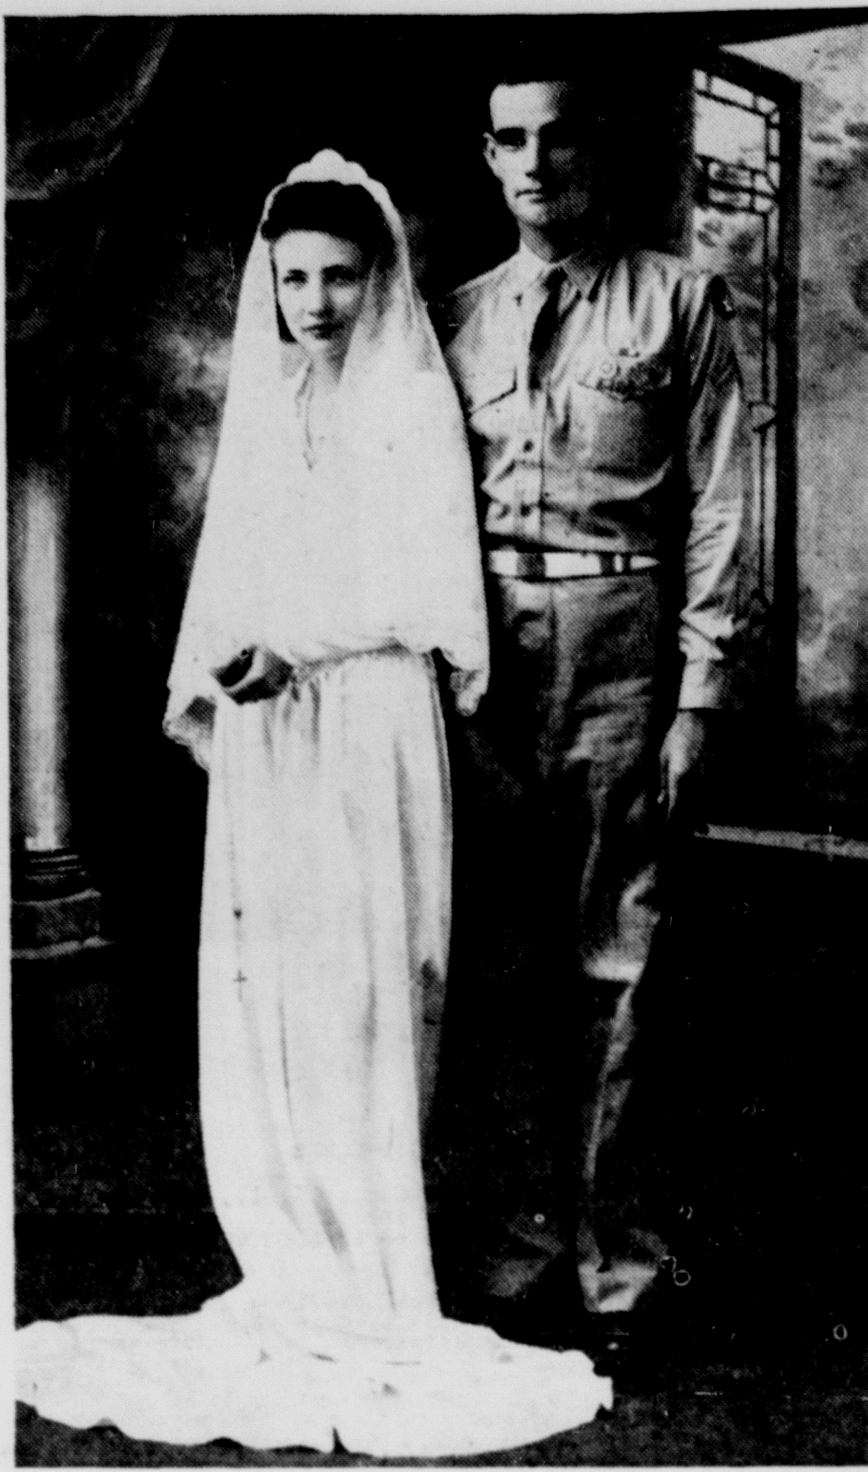

The Mother-in-law Club will meet in the home of Mrs. R. D. Lowry on September 7 at 3 o'clock.

Mrs. Gerald Warwick and baby and Mrs. Tony Rossi arrived home Tuesday from California. Gerald has been transferred to the Marine Corps and expects to be sent overseas in a few weeks. Mrs. Warwick is living at the parental J. B. Foster home.

George Black, A-S, has been sent to Indianapolis for special radio training. His transfer was made from Galveston soon after his return there after having spent a 10-day leave in the parental Sanford Black home.

Mrs. C. L. Thompson was brought home Monday from an Amarillo hospital where she underwent an operation.

Wedding Is Solemnized For Betty Ann Simon and Cpl. John H. Dietz

White and pink carnations and candlelight set the scene for the single ring ceremony which united Miss Betty Ann Simon, daughter of Mr. and Mrs. A. H. Simon of Canyon and Corporal John H. Dietz, son of Mr. and Mrs. G. A. Dietz of Nazareth in Holy matrimony.

The marriage was solemnized at 9:30 o'clock, Tuesday morning, August 8, at St. Mary's Church, Umbarger. Rev. Walter Washila officiated.

Mrs. Paul Sullivan, the bride's sister, who was maid-of-honor, wore a pink marquisette floor length dress with a corsage of white and pink gladioli.

Sylvester V. Dietz, brother of the bridegroom served as best man.

Other attendants were Miss Louise Dietz, Miss Mary Jean Murry and Ralph A. Huseman.

The bride, who was given in marriage by her father, wore a floor length dress of white bridal satin, made with a sweetheart neckline, long sleeves pointed at the wrist and a train. Her finger tip veil was held in place with a beaded crown. She wore a strand of pearls, belonging to her mother. The bride carried a pearl-backed prayer book and a white Rosary. The prayer book was a gift of the bridegroom and the Rosary a gift of his parents.

After the ceremony a reception was held at the home of the bridegroom's parents. The three-tiered wedding cake, which was topped by a miniature soldier and bride, was cut by Cpl. and Mrs. Dietz.

Three days following the ceremony the couple left on a short trip to Oklahoma City and McAlester, Okla., where they visited in the home of his sister.

Mrs. Dietz was graduated from Canyon High School and has been employed in the County Agent's office in Canyon.

The bridegroom was graduated from Happy High School and for the past sixteen months has been stationed at Lubbock Army Air Field, at Lubbock.

Cpl. Dietz reported back to duty August 16. The couple will be at home temporarily at Lubbock.

Worth A. Jennings, Jr. and Clay Cooper returned yesterday from a business trip to New Mexico.

Mrs. O. W. Canady of Panhandle visited in the parental C. O. Cooper home over the week end.

BUY BOOKS

Investigation shows that books will become more and more scarce as the war continues. This means that those who buy books should contemplate their needs and place orders early.

Children Books

We have the largest stock of children's books that we have ever shown. There is no stock in the Southwest as complete as this department. But these books will not last long.

We advise that you buy your winter books soon, especially books for Christmas gifts.

It is time for Christmas buying and no gift is as appropriate as a good book.

WARWICK'S

We invite you to see our large stock of appropriate gifts of all kinds. It will soon be time to ship your gifts overseas to the men in Service.

Dr. D. A. Shirley Attended Meeting

Dr. D. A. Shirley, registrar of West Texas State, returned Saturday from a meeting of the Executive School of American Association of Teachers Colleges and Council on Education at Jacksons Mill, W. Va.

Mrs. Lloyd W. Childers and Bill Ed left Saturday morning for Bremerton, Washington to make their home while her husband is stationed there.

Mrs. J. S. Heard from Houston arrived Friday for a short visit with Mrs. R. A. Neblett and children.

Miss Marie Crone Died at Lindale

Miss Marie Crone, a former student of the college, recently died at the home of her sister in Lindale, Texas.

Until ill health made it impossible for her to continue her work, she was a missionary in Cuba, her work being under the auspices of the Methodist Church. Miss Crone will be remembered by many Methodists in Canyon, she having been active in the work of the church here when she was a student.

Joe Marlin Winstead S-2c Rdm, who left Canyon in April, had his boot training in San Diego, has just completed his course in special radar work in Norfolk, Va., and expects to be assigned to his ship in a short while, according to word received by his mother, Mrs. Joe Winstead.

Just received by the Burrow Lumber Co. a car of oak flooring, the sale and use of which is in no way restricted.

Miss Lodena Tooley Becomes Bride of Ensign Garl W. Cone

Miss Lodena Tooley, daughter of Mr. and Mrs. O. W. Tooley of Haskell, became the bride of Ensign Garl W. Cone, USNR, July 31 in a ceremony observed at ATB chapel, Solomon, Md.

The wedding took place at 11:30 a. m. in the chapel with Chaplain Nelson officiating for the impressive double ring ceremony.

For the marriage ceremony the bride wore a white waffle pique suit and matching pique hat and orchid corsage. Accessories were black patent shoes and bag. For travel the bride chose a smart two-piece suit of navy blue crepe with eyelet sleeves and trimmings. She wore accessories of white.

Mrs. B. C. Sears, matron of honor, wore a tan dress, brown straw hat with white accessories and a corsage of gardenias. Best man was Ensign Charles E. Somerville.

The bride is a graduate of Vernon High School with the class of '39 and of West Texas State College where she was a member of Gamma

Phi Sorority, Student Senate, and was chosen as College Beauty and Epsilon Beta Queen. Following her graduation from college, she has been employed for the past year in the Haskell National Bank in Haskell.

The groom is the son of Mr. and Mrs. Henry Cone of Canyon, and is a graduate of Canyon High School and WTSC, where he was a member of Pi Beta Gamma and Epsilon Beta fraternity. Before entering the Navy he was a chemist for Thompson's Products in Cleveland, Ohio. After entering the Navy he received his commission from Notre Dame University in January of this year. He recently completed a Diesel Engineering course at Cornell University, Ithaca, N. Y.

Following the wedding ceremony, Mrs. Maurice Crawford of Rule, Texas honored the bride with a light luncheon at the Evans Roof Garden in Solomon, Md. Those attending were the honorees, Mrs. B. C. Sears, Mrs. Marge Marlow, Mrs. Robert Miller and the hostess.

Hill and Anderson History Receives High Commendation

A letter highly praising "My Country and Yours," a history of the United States written by Dr. J. A. Hill and Dr. Hattie M. Anderson, has been received by the authors of the book.

The letter came from Mrs. J. K. Beretta, vice president of the Board of Regents of the State Teachers Colleges of Texas, and prominent civic worker of San Antonio. Mrs. Beretta wrote, "Having read your book 'My Country and Yours' twice, I wish to express my appreciation of you and Miss Anderson for having produced it. The first reading was for the story which I found delightful and interesting. I especially liked your idea of calling our forefathers Crusaders. The pictures, which are such an important part of books for the young, are beautiful and informative, many of them worthy of being framed."

"And on the second reading, when I pay special attention to historical values, I find the book, although in condensed form, very complete and fair."

"Please accept my congratulations upon your having made such a worthy contribution to our libraries

and especially to our schools, in presenting this book to the public."

Copies of the book by Dr. Hill and Dr. Anderson are to be found in local libraries and the book has been adopted as a supplementary text for use in the schools of New Mexico. It is being used also as a gift book for children.

This is the second history of the United States of which President Hill has been a co-author.

Mrs. Andy Walsh returned Saturday from San Diego and Los Angeles, Calif., where she has spent a three week vacation. In San Diego she visited her son, Andy, who is in the Naval Training Base there. In Los Angeles she visited with her brother, Warren Johnson and family, Cpl. and Mrs. Charles Donnell and other Canyon people who are located there.

I. S. Doak member of Tire Rationing board from South Amarillo and J. W. Shook, member of Gasoline Rationing panel, were in Lubbock Tuesday to confer with officials in the District Rationing Offices on problems pertaining to rationing.

Mr. and Mrs. Owen Miller and daughters and Mrs. Bill Edwards from Plainview visited their mother, Mrs. Elzie Price, over the week end.

First Mosquito: Where's that new mosquito who flew around here last night?

Second Mosquito: A sad thing happened to him. He fell into a can of coal oil and then bumped into a firefly.

Women's vocabulary may be small, but it has a big turnover.

Jitterbugging Flour Bag Stalls Traffic

BALTIMORE.—A jitterbugging flour bag on an embankment bordering one of the main routes downtown gave two patrolmen the jitters. The puzzled patrolman finally snared the elusive bag and found therein: one lively hen, one not so lively, and two with no life at all, having had their necks wrung.

Sea Battle—It's a Whale of a Story!

American Subchaser Briskly Goes Into Action.

SAN FRANCISCO.—The tale of a whale, mistaken for an enemy submarine, and which "attacked" an American subchaser, was told by a U. S. task force commander here. "We were entering the Sicilian channel for the initial attack on Sicily when one of my group of patrol craft and subchasers sighted what looked like a submarine," Lieut. Com. Robert D. Lowther, 39, who directed the first firing on Sicily, related. He has just returned from Italy.

"The subchaser fired machine guns at the whale, which seemed to go berserk, lashed about and then surfaced under the subchaser, stopping the propellers and both engines. 'The subchaser got away.'"

In issuing final instructions for the invasion of Italy, Rear Adm. J. L. Hall Jr., commander of the Eighth amphibious force, included a warning to his crews: "And be sure to be careful of whales." Commander Lowther recalled.

The whaling subchaser's skipper later received the Navy Cross and the entire crew won the presidential unit citation for action at Gela, Sicily, Commander Lowther, who is a former member of the San Francisco Stock exchange and son of a Methodist minister, revealed.

The commander was in charge of a group of four patrol craft, about like corvettes, and six subchasers which directed and protected landings on Sicily and Italy. Two of the ships were lost at Palermo after direct bomb hits, he said.

17 Year Old Boys Are Eligible For Air Corps Reserve

Seventeen year old men who are interested in the attractive enlistment programs now being offered by the Army may now enlist in the Air Corps Enlisted Reserve or the Enlisted Reserve Corps, it was announced this week by Lt. Vivian Stark, recruiting officer at Amarillo Army Air Field.

The Army needs 17-year old men and in turn is offering three enlistment programs.

The boys may enlist now in the Air Corps Enlisted Reserve or the Enlisted Reserve Corps and have the opportunity in either branch to continue their college education one or two semesters respectively, Lt. Stark said.

"This program offers a boy the opportunity to compete for Air Corps training or at least insure himself for Army assignment when he reaches the age of induction without red tape of Selective Service assignment," the officer explained.

Under both programs is the Army Specialized Reserve Program for boys not over 17 years and eight months of age. Men wanting to continue college studies will be called into training college assignments within 30 days following their enlistment.

Those who want to volunteer but who cannot qualify for the special or college training may enter the Enlisted Reserve Corps, Lt. Stark said, with the same mental and physical requirements through Selective Service.

Interested men should apply for further details or application blanks at the Army Air Forces Examining Board at Amarillo Field or at the Amarillo Recruiting Station in the Post Office Building in Amarillo.

Jowell Items

Mr. and Mrs. T. J. Bonds and son returned Wednesday from Waco where they have been visiting Mr. Bonds' brothers.

Floyd Bonds after going with a load of wheat to Fort Worth, then on to Waco to visit a few days, returned Saturday morning.

Mr. and Mrs. Erskin King and friends all of Plainview visited Wednesday morning with Mrs. Floyd Bonds and girls.

Mr. and Mrs. Hollabaugh of Canyon visited with Mrs. Hollabaugh's sister Thursday.

G. J. Bonds, Jr. spent Saturday with James Inman of Canyon.

Mr. and Mrs. G. J. Bonds and family, Mr. and Mrs. Floyd Bonds and family, Mr. and Mrs. T. J. Bonds and son, and Mr. and Mrs. Posy Bonds visited their sister, Mrs. P. M. Elrod of Wildorado Sunday.

Miss Billie Bonds is spending a few days with Miss Doris Elrod of Wildorado.

Just received by the Burrow Lumber Co. a car of oak flooring, the sale and use of which is in no way restricted.

A legend relates that the largest lead-silver mine in the world was discovered in Idaho by a peevish burro pawing the earth while his master slept.

Highland News

The Highland Club had their club picnic at Elwood Park Sunday evening.

The Church of Christ have postponed their revival meeting.

Mr. and Mrs. R. J. Sharp, Ed and Diana Sharp went to Alva, Okla., over the week end.

Mrs. Kenneth Broadus returned home last week after spending two weeks with her parents at Littlefield, Texas.

Mrs. Hazlewood of Amarillo has been spending the week ends with her mother, Mrs. Geo. Cook, while her sister, Mrs. Meitz is here from Richmond, Calif.

Mesdames Elmer Mason, L. J. Fulton, Geo. Mason, Leonard Tidwell, C. R. Warren, C. R. Warren, Jr. and Mrs. Carl Fuqua were guests at a quilting at the home of Mrs. R. J. Sharp Wednesday.

Miss Mary Ann Bedenk visited at the Howard Fuqua home Sunday. She leaves Wednesday for Chicago to work for Western Union.

The Rev. James held a very successful revival at our church.

Rev. James has gone to San Angelo to visit with his brother who is serving in the armed forces and is home on furlough.

A few light showers fell in this vicinity Sunday afternoon.

S. A. Evans and daughters, Myrtle and Florene, were in Tulsa Friday.

Arlen Ray Wesley, Troy Wayne Sharpes, and Charles Wilson visited Wyley James Sunday.

Mr. and Mrs. Lewis Harding, brother of Mrs. Sharpes, visited a few days this week in the S. F. Sharpes home.

Mrs. Chas. Sutton and her mother visited Mrs. Leroy Holman and daughter at Vernon the past week.

Mrs. Alvin Wesley and Lola Belle Wesley have returned from a vacation in Colorado.

Mrs. C. M. Rogers is visiting her daughter, Mrs. L. H. Barnard.

Mr. and Mrs. Harry Polk have moved to the Grigsby house.

Mr. and Mrs. J. W. Wesley and Vesta Amerson were Sunday dinner guests in the G. E. Wesley home.

Mr. and Mrs. E. M. Wilson and son, Darrell, visited Sunday in the S. F. Sharpes home.

Those seen in Canyon Saturday were Mr. and Mrs. G. E. Wesley and Lavinia Amerson, Mr. and Mrs. S.

F. Sharpes and Elta Jean, Mr. and Mrs. E. W. Schaeffer and children, Chas. Sutton, Mr. and Mrs. Hollis Shipman and children and Mr. and Mrs. Pulcher.

C. L. Wesley who is in a hospital in Oklahoma is still improving.

Mrs. C. L. Wesley spent Wednesday in the E. M. Wilson home.

Mrs. Wayne Wesley and Ken returned to her home in Happy Thursday.

Geraldine Sharpes left Saturday for an extended visit in Runnels county.

The largest spring in the world is Silver Springs, located six miles east of Ocala, Florida. The great basin is 80 feet deep, 300 feet in diameter, and clear to the very bottom.

The state of Kansas received its name from an Indian tribe called the Kansas—meaning "People of the South Wind."

Mrs. Neerby: I took the recipe for this cake out of the book.

Neerby: You did right. It should never have been put in.

Tomorrow's dictionary will define walking as a primitive method of locomotion achieved by placing one foot in front of the other.

By treaty with Panama, ratified in 1904, the United States acquired title to the Panama Canal Zone.

THE STATE OF TEXAS

COUNTY OF RANDALL

To: Walter T. P. Allen, Genevieve Allen and the heirs and legal representatives of said Walter T. P. Allen and Genevieve Allen, Defendants, and all other proper persons, including all record lien holders, owning or claiming, or both, any interest in the land or lot hereinafter described, same being delinquent for taxes to plaintiff herein and to the State of Texas and the City of Amarillo, Texas, taxing units in said State herein impleaded by plaintiff.

And you are commanded to be and appear before the 47th District Court of Randall County, Texas, at the next regular term thereof, to be held at the Courthouse of said County, in the City of Canyon, Texas, on the first Monday in Octo-

ber, 1944, the same being the 2nd day of October, 1944, to plead and answer Plaintiff's Petition filed in said court on the 29th day of August, 1944, together with pleas of intervention and claims now on file or hereafter filed in said cause by all other parties therein, in a certain suit No. 455-T in which Amarillo Independent School District is Plaintiff, and Walter T. P. Allen and his wife, Genevieve Allen, and heirs and legal representatives of said Walter T. P. Allen and Genevieve Allen, the State of Texas and the City of Amarillo, Texas are defendants, and then and there to show cause why judgment should not be rendered against you, and said land or lot sold under foreclosure of lien to satisfy the following taxes being delinquent against said property, to wit:

Lot Six in Block One Hundred Ten of Mrs. M. D. Oliver-Eagle Addition to Amarillo in Randall County, Texas, which is delinquent for taxes due plaintiff in the sum of \$17.88 exclusive of interest, penalties and costs for the years 1940 to 1943 inclusive together with all

interest, penalties and costs allowed by law.

Given under my hand and Seal of said Court, at Office in Canyon, Texas, in the County of Randall this 29 day of August, A. D. 1944.

You can help
make history—

Militarily, this is the most important . . . most urgent phase of the whole war.

The moment is at hand for American soldiers to give everything they've got in a supreme effort.

Depend on them. They will write history . . . write it with their blood.

Financially, too, this is the most important, most urgent phase of the war for America.

This is the moment our soldiers depend on us to make our supreme effort in this war! We've got to make history too!

Don't fail America now. Buy Bonds. Buy Bonds and keep on buying Bonds even though it begins to pinch.

And if you think that's a sacrifice, just look at the casualty list in this newspaper . . . then go out and buy some more!

Gasoline: A-12 coupons good thru September 21.

MILLIONS TRAINED FOR WAR JOBS

During the past four years, more than 13,300,000 men and women enrolled in organized training programs for war jobs, Paul V. McNutt, Chairman of the War Manpower Commission reports. The training was provided by agencies cooperating with the WMC Bureau of Training. Of this vast group, the food production war training program, conducted through vocational agriculture schools had 3,035,566 enrollments. The engineering, science and management war training program, given in selected colleges, had 1,558,123 enrollments. The training within industrial program enrolled 1,375,767 supervisors who, in turn, provided instruction for millions of war plant workers. The National Youth Administration, which is no longer in existence, provided training for 772,756 persons during 1942 and 1943 fiscal years.

VETERANS LEARN OF RIGHTS, BENEFITS

Every veteran, upon being discharged, will receive a booklet entitled "Your Rights and Benefits, A Handy Guide for Veterans of the Armed Forces and Their Dependents." The booklet was prepared by the retraining and reemployment administration of the Office of War Mobilization. Nearly 2,500,000 copies of the booklet are now available. Veterans who have already been discharged will be able to obtain copies from Draft Boards, Office of Veterans Administration.

NOW YOU CAN DRAW A BEAD ON 'EM

If you have a few moments to spare, you may begin to oil up the family flintlock. WPB has taken cognizance to the fact that animals and birds are causing widespread destruction to crops and livestock all over the country. The ban on the sale of ammunition to hunters will be removed temporarily in the near future. Available for nimrods will be 240 million rim fire cartridges, 8 million center fire cartridges and 130 million shotgun shells. Wolves, coyotes, foxes, weasels, wild ducks, crows and pheasants should not be told of this regulation. Happy hunting.

LEND-LEASE FOOD DELIVERIES DROP

Meat, dairy and poultry products head the list of foods for the Allies, in the War Food Administration's report of July deliveries for shipment under Lend-Lease. These deliveries totaled 522,851,964 pounds compared with 658,116,418 pounds in June and 1,231,844,656 pounds in July of last year. Exactly 187,494,485 pounds of the July deliveries consisted of meat products, principally cured and frozen pork, canned meat and lard. More than 100,000,000 pounds consisted of dairy and poultry products, principally evaporated milk, cheese and dried eggs. Grain products totaled 80,984,580 pounds; fruits and vegetables, 38,537,436 pounds; fats and oils, 38,260,249 pounds; sugar, 34,319,947 pounds; cotton fiber, 10,967,056 pounds; tobacco, 938,439 pounds.

COST OF LIVING REMAINS STABLE

The cost of living has risen six tenths of one per cent in retail prices of essential commodities, Secretary of Labor Frances Perkins reports. The figure is for the month ended July 15, most recent for which data are available. During the last year, Secretary Perkins added, average prices of family living essentials have risen 1.8 per cent, as compared with advances of 6 per cent and 11 per cent in the years ended July 1943 and July 1942. Higher prices for fresh fruits and vegetables were noted. Prices for potatoes, sweet potatoes, spinach and onions were up in July, but there were large decreases for cabbage, lettuce, and green beans.

GO-TO-SCHOOL CAMPAIGN PROGRESSES

More than 40 national organizations—educational, economic, social and civic—are supporting the campaign to get employed high school pupils back to the classroom next month. In 30 States especially organized campaigns are under way.

OUR DEMOCRACY—by Mat

LABOR DAY-1944.

"No man is born into the world whose work is not born with him; there is always work, and tools to work withal, for those who will and blessed are the horny hands of toil."

—JAMES RUSSELL LOWELL

WHETHER WE WORK WITH OUR HANDS, OUR HEADS OR THE COURAGE OF OUR HEARTS, EVERY AMERICAN EXPECTS TO WORK—EARN RESPECT IN PROPORTION AS HE MEETS HIS NEEDS AND THOSE OF HIS COUNTRY.

Greatest stress is being placed on the importance of having a well-educated citizenry in the post-war era and the hundreds of thousands of high school boys and girls who have gone to work are being advised by veterans and others of the importance of preparing for the new era. In a joint statement, Katharine F. Lenroot, Chief of the Children's Bureau of the U. S. Department of Labor, and John W. Studebaker, U. S. Commissioner of Education, said, "Throughout the campaign we are stressing the importance of developing well supervised school-and-work programs in those communities where the labor supply is tight and where the work of young people is both needed and desirable."

HOG BRISTLES FLOWN OVER "HUMP"

Most dangerous air route in the world, by General Admission, is the flight from India to China over the Himalayan mountains. This run, known as flying "The Hump," is used for hauling vital cargoes to China. On the equally dangerous return flight, Chinese hog bristles make up part of the cargoes, the Foreign Economic Administration reports. American pigs are killed to young to have time to grow the long, strong bristles characteristic of Chinese pigs—in reality boars. These hog bristles from China are very important in the making of paint brushes for the Navy and U. S. Maritime Commission, as well as for brushes used in wool combing machines.

ANAZACS MEET U. S. MEN'S FOOD NEEDS

Australia and New Zealand have supplied American forces in the Pacific Battle zone with 250,000,000 pounds of meat, 34,000,000 dozen eggs, 175,000,000 pounds of fresh fruit and vegetables, 27,000,000 pounds of butter and 55,000,000 pounds of sugar up to the beginning of this year, the Commonwealth Food Control announces.

NEW CEILING PRICES ON BRIDES (QM)

New life has no more surprises—in Durban, South Africa, a man was able to get himself a wife by paying her dad \$88 in hard cash plus seven cows. So what (QM). So, into the Office of the Price Controller there appeared a man who protested that his prospective father-in-law had jacked up the price of \$128 in hard cash. The F-I-L explained that increased cost of living made it necessary for him to boost the price. The controller allowed as how the problem was beyond his province. But, says Canada's Wartime Information Board, which reported the incident, it proves that even this primitive man could see the solid common sense and usefulness of price control.

NORWEGIAN LABORERS UNDERNOURISHED

The food ration for Norwegians working in Nazi Slave Labor Camps is so small the workers must have food sent to them from their homes, the Swedish Newspaper Stockholms-Tidningen says in an article reported to OWI. Attempts to get Norwegians to sign up for "harvest work" failed because all knew that meant working on military fortifications. Not one person signed up.

ARMY CAN FIELD 50,000 BALL TEAMS

The Army purchases annually enough baseball equipment to outfit 50,000 baseball teams and 100,000 softball teams; the Navy enough for more than 11,000 and 22,000 respectively, OWI reports. The Army and Navy buy up about 90 per cent of all sports and game equipment produced in the United States and, as a consequence, civilians can expect little or no increase for the

present in the amount left over for their use. Last year the services bought sports and game paraphernalia, devoted to the use of enlisted men, costing \$38,000,000. Even so, total new supplies represent approximately one baseball glove for every 17 men in the Army and for every 28 in the Navy.

ROUND-UP

WPB announces—the total value of farm machinery produced during July 1944 was \$73,595,553, a figure which is 51.2 per cent higher than the monthly average during the 12 preceding months. . . . Manufacturers of corn pickers and binders were urged to speed up their production during August and September so that corn growers will have this machinery for the fall harvest season. . . . American coal mining machinery sent to Britain is helping to raise production of "strip" coal from 10,000,000 tons a year to 18,000,000 or 20,000,000 tons. . . . Lumber stocks at sawmills and concentration yards totaled 4,118,083,000 board feet at the end of the second quarter, 1944, the lowest figure since December 1941. . . . Exactly 15,000 electric hair clippers will soon be made and the finished snippers will go to the Armed Services.

OPA summarizes—Chester Bowles, Administrator, says, "each of us, each Government Agency, each industry, each labor union, each group of farmers—and each individual community—will have a share in this enormous (reconversion) task. . . . Since April, 1943, when the hold-the-line program was issued, rents and retail prices for cost of

LITTELL'S LIQUID

LABOR DAY

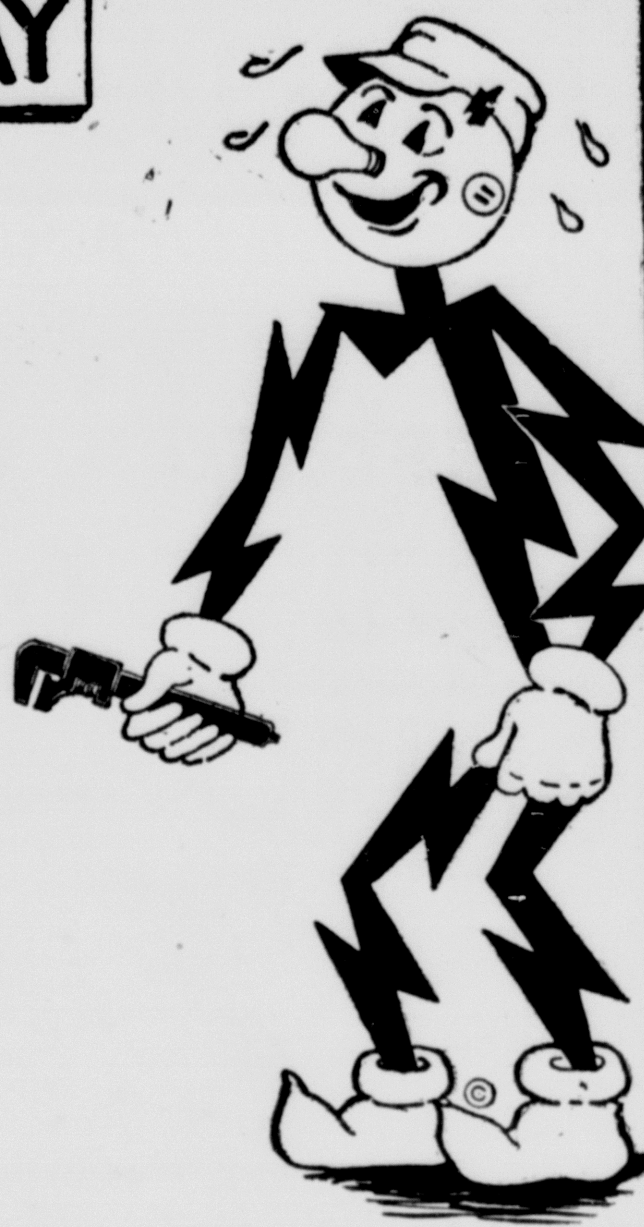

"... means
EVERY DAY
for me!"
says Reddy Kilowatt
your Electrical Servant

The biggest Labor Day parade this year will consist of a lot of you folks parading right up to the shop gates to work as usual, turning out war materials. Still others will work on farms, helping produce needed food, and many of you stay-at-homes will keep busy in your Victory Gardens all day.

More power to you! That's the way to celebrate a wartime holiday. Best of all, it's the American way, because you're doing it voluntarily—no dictator shoved a gun into your back to drive you to work.

While you're at it, think of me. I'll be "laboring on Labor Day," too. I'll be turning the wheels in your plant, helping you out with the farm chores, probably even pumping the water you sprinkle on your garden. I'll be working just as I do twenty-four hours every week, every Sunday, every holiday, throughout the year. Yes, every day is Labor Day for me, and I'm always prepared to serve you!

The Salmon River in the Sawtooth Mountains of Idaho, is known as the "River of No Return." Flat bottom boats can navigate it downstream, but no boat has ever been able to pull upstream.

Doctors say that kissing shortens life. What they really mean is single life.

No, Junior, a slacker isn't a woman who wears slacks. Chances are she's a welder.

When Ponce de Leon first saw the low white sand dunes and the surf rolling in upon the mainland, he named it Florida after Pascua Florida, the Easter Sunday in 1513 on which he landed there.

Those who censor the modern bathing suit have scant reason for doing so.

"Mummy, is it 1 o'clock?"
"Not yet, dear."
"H'm, my tummy's fast."

NOW IS THE TIME...

The War Food Administration has asked every homemaker to take advantage of the abundant crops this year.

You are again asked to Can all you Can. You not only provide for your own family on the home front, you release more food for the fighting front.

Johnson Items

Mrs. Jack Glenn and children spent from Tuesday until Friday in the parental E. J. Bauer home.

Mr. and Mrs. Roy Stockett and sons spent Tuesday night in the E. J. Bauer home.

Mrs. F. M. Brazil and Mrs. C. W. Bauer were doing some canning at the Canning Center at Canyon this week.

Mrs. C. W. Bauer and Leona and Mrs. Philip Rickwartz and daughters called in the E. J. Bauer home Wednesday evening.

Mrs. E. J. Bauer and Carrie, Mrs. Jack Glenn and Diana visited in the F. H. Bauer home Friday.

Mr. and Mrs. F. H. Bauer were Amarillo callers this week.

Mr. and Mrs. Philip Rickwartz are the proud parents of a baby boy born Aug. 26.

Milton Brazil, Curtis Lehnick and Leonard Bauer spent Sunday with Elmer Bauer, Jr.

Laverne and Phyllis Goettsch returned to their home at Hereford after spending two weeks with their grandmother, Mrs. Paul Goettsch.

A. E. Wise, Jr., spent Sunday afternoon in the F. H. Bauer home.

Mr. and Mrs. E. J. Bauer visited with Mrs. Paul Goettsch and Julius Sunday evening.

Thelma Bauer returned home after spending two weeks with Louise Tuck of Canyon.

Those visiting in the Philip Rickwartz home Sunday were Clem Rickwartz and Rose, Mr. and Mrs. L. Rickwartz, Mr. and Mrs. C. W. Bauer and Leona, and F. M. Brazil.

Mrs. Paul Goettsch an Julius were dinner guests in the Albert Dietrich home near Tulia Sunday.

Jowell Items

Patsy Powell, who has been spending the summer with her grandmother, Mrs. S. J. Powell, left for her home in Wichita, Kansas, Tuesday.

Mr. and Mrs. David Hill visited in the C. P. Robertson home Sunday.

Landon Barrett spent Saturday night with Elmer Mickey, who is staying at the C. P. Robertson home.

Mrs. J. J. Leavitt returned home last week from Los Angeles, Calif., where she has been visiting relatives.

Mr. and Mrs. Earl Davis and family visited Mrs. Mary Burtz of Canyon Sunday.

Mrs. S. J. Powell is spending a few days in Amarillo.

Louis Henders, Jr., spent the week end with his parents.

G. W. Rose has bought the W. W. Nicklaus home and will move to Canyon from his home east of Canyon in a few days.

Extended Program in Homemaking Demonstration School

Conservation of time, energy, and materials might well be the theme of the girls participating this summer in the extended program in homemaking offered at W. T. High School. Girls are practicing techniques learned in class, learning to meet management problems in their own homes, and in so doing earn school credit.

Activities of the group are varied. One of the broadest is that of Neta Jo Moore of the Wildorado community whose work includes food preparation for the family as well as for harvest hands; working out a file of tested recipes; food preservation by krauting, freezing, preserving, and canning; and practicing efficient, time saving methods of housekeeping.

Another interesting piece of work is being done by Ann Crawford who is completely refinishing a bedroom set of four pieces; utilizing cloth on hand for household linens; constructing clothing; and canning foods.

Household improvement is a big part of the work of Dottiee Boling who is improving the storage space in her kitchen; improving her bedroom by painting woodwork, making closet accessories and painting the closet; repairing clothing; planning and carrying out group entertainments; and assisting with food preservation.

Prior to the opening of the fall term, an achievement day will be held where these and other activities will be displayed or discussed.

Union Services With Rev. Findley At Christian Church

Union worship services will be held at the First Christian Church Sunday evening with Rev. Joseph Findley delivering the message. All people have a cordial invitation to attend this and all other services.

Just received by the Burrow Lumber Co. a car of oak flooring, the sale and use of which is in no way restricted.

Mrs. Gordon Lyons returned from Dallas Wednesday to stay through Friday in the Hosea Foster home. She then went to Portales where she will make her home temporarily.

N. T. Dickerson has sold his home in Amarillo and has moved back to Canyon, living at the Mrs. Hefner home.
